Abstract of **JP2002326927**

PROBLEM TO BE SOLVED: To provide quick-releasing tablets of metformin hydrochloride, capable of improving dosing feeling, because the tablets can be prepared in small size, being medically remarkably useful and exhibiting effects such as excellent productivity and storage stability.

SOLUTION: The quick-releasing tablets are characterized by comprising (A) metformin hydrochloride and (B) hydroxypropyl cellulose in which viscosity of 2 mass % aqueous solution at 20 deg.C is 2.0-10.0 mPas.
